ow that I am well, which

I hope also of you all. I am having a
good time in the Q. M. C., and all the
boys are nice to me.

How is your garden? I guess it looks
pretty now, and I wish I could see it.
I suppose you already planted some
corn and it may be up by the time you
all get this letter. I hope it finds you
all well, too.
Did you all hear from George and
Laura? I guess you did, and where is
papa and at what place is he now? I
guess he is still in San Antonio. How
are Uncle Louis and Aunt Emmie get-
ting along? I hope they are all well
just like I. Give them my best regards
and that I wish them good luck. How
are Uncle Louis and Aunt May getting
along? I hope fine. And Uncle Willie
and Aunt Gizzie, how are they? I hope
they are well and also Mr. and Mrs.
Wantz, and Mr. and Mrs. Louis Mann.
I wish them all good luck.

I hope to be home again some day
this year, and hope to see you all, and
Hondo, and San Antonio, too.
Well, Grandma, I don't know any
news this time. I would be very glad
to get a letter from you all soon. So
bye, bye, with best wishes, and good
luck to you all, from your loving

Miss Mary S. Breiten,
Hondo, Texas,

My Dear Cousin--
I received your kind and
welcome letter. Glad to hear that you
all are well. This leaves me well.
I am glad to hear that you all have
had plenty of rain, and that you have
such nice oats. I feel better since I
got your letter, it was the first letter
I have received since I have been in
France. You said that Leopold Mann
died on Oct. 11th, I am so sorry to
hear that he is dead. It is sure hard
on me Mary to hear that Uncle Eddie
is missing; and that a fortune teller
in San Antonio told grandma that
someone had killed him and thrown
him in a ditch. I am sure sorry to
hear that Leopold is dead and about
Uncle Eddie too. And Aunt Amanda
is with you all; that is good. Write
me all the news Mary. I like to hear
the news from home.

Well Mary I got your letter yester-
day Feb. 26th and you ask when I am
coming home. I may come home
about July or August, I can't tell yet
when I can come home. I hope it
won't be long as I am anxious to get
home. Well I don't know any more
news this time but I was sure glad to
get your letter, you keep on writing
to me. I get your letters all right
now. Well I am sending you two
pictures; one for yourself and one for
Aunt Amanda. You asked if I got
my Christmas box, I haven't got it
yet but I may get it some day.

Well Mary I will close for this time.
Answer real soon. Well bye bye, with
best wishes to grandma and all.

The Doughboys in the Trenches.

The address of Mr. E. E. Dilley of
San Antonio to the people of Hondo
at the Methodist Church Thursday
night was a real treat to them. The
subject was "The Doughboy in the
Trenches". Although arrangements
for the addressing had been made late
in the evening the people responded to
the call immediately after being noti-
fied and a large, attentive and appre-
ciating audience listened to the highly
interesting and instructive address.
The speaker at the beginning men-
tioned and defended the good work of
the Y. M. C. A., of which he was an
active member in France for about a
year. He pictured out the duties of
those men carrying refreshments and
warm meals to the men in the trenches.
at the firing line, the danger they were
in and the difficulties they had. While
the speaker admitted that in a few
cases complaints against members of
the Association made by soldiers were
justified, he asserted that such cases
were only exceptions and not the rule.
In an able manner then Mr. Dilley il-
lustrated the trench warfare, the bat-
tles of Chateau-Thierry, the capture of
the St. Mihiel salient and the great
Argonne drive; how an order to "cap-
ture some prisoners to obtain informa-
tion about the location of the enemy"
is carried out; how machine gun nests
are built, how guns are hidden, discov-
ered and destroyed, the bombardment of
enemy airplanes; how to protect a-
gainst artillery bullets and how even a
stout man tries to make himself thin,
lying flat on the ground when bullets
are flying low. He cited remarks of
doughboys with dark complexion in
such moments of danger. He pictured
beautiful Paris and French villages,
but in vain he looked for laundries,
as we have them in America.

Then Mr. Dilley urged people and
preacher to prepare to meet the now
different views of the returning sol-
diers.

Oil Company Chartered.

Among the charters granted by the
state this week was one issued to the
Medina Oil Development Co., the
names of J. M. Finger, Joe Ney and
R. J. Noonan being mentioned in the
charter.

It is the purpose of the company to
be formed under this charter to make
a thorough effort to locate the oil pool
we all believe to exist in this county.
We understand that it is the purpose
of the company to secure the services
of a geologist to make a thorough sur-
vey of the county and whatever spot
he designates as the most probable for
oil to be found will be the scene of the
first effort by the company.

As this is not a "fly by night" com-
pany but a composed of home people--
men who have the welfare of the coun-
ty at heart--the attitude of our people
toward the company is obvious. Let
there be no knockers but all boosters;
let every one that can possibly do so
aid the company to their utmost by
subscribing for as much of its stock as
their financial condition will allow.

This will not be a company of vision-
aries but will be composed of cool,
hard-headed business men--men who
have made a success of their own af-
fairs. They believe there are millions
of dollars of wealth beneath the sur-
face in Medina county, and so strong
is their faith in their ability to locate
this hidden treasure they are putting
in thousands of dollars of their own
means. But it will take a large sum of
money to accomplish what they pur-
pose doing, and we trust they will re-
ceive the encouragement their enter-
prise merits. If they strike oil, which
we confidently predict, then you will
see the pennies you invest in stock
grow into dollars over night. There
are more huge fortunes made in oil to-
day than in all the other great indus-
tries combined.

When the company gets thoroughly
organized and puts its stock on the
market do your part in aiding in the
development work shortly to begin.

Information has been received from Mrs. Loretta Smith that her mother, Mrs. T. A. Dean, had died and was buried near Paris, Texas, before she arrived at her bedside. Mrs. Dean at one time lived near Hondo and friends here will be sorry to learn of her death.
Aug. Weynand, with an honorable discharge in his pocket, returned Friday evening of last week from El Paso and has resumed his place in civil life. He was glad to get home and again be able to give his attention to the business of the Citizens' Motor Car Co. of which he is an active member. He looks to be in the best of health. Uncle Sam's menu evidently agreeing with him.

Miss Rosalie Griffith, 15, died at 7 o'clock Friday morning at the home of her parents, Mr. and Mrs. Charles M. Griffith, 805 Burleson Street. She was a native of Bexar County and had resided in San Antonio two years. Surviving, besides her parents, are four sisters and one brother. The funeral which will be private, will be held at the residence at 10 o'clock this morning. Interment will be made in City Cemetery No. 3.—San Antonio Express March 15.
The death of this lovely young girl caused profound sorrow to a large circle of friends in Hondo. The Express is in error in claiming her as a native of Bexar county. She was born in Medina county and spent her entire life up to the time of moving to San Antonio with her parents, in Hondo and vicinity. She was greatly esteemed by a large circle of friends among the young people of Hondo who will long hold her in fond remembrance. She was a member of the Christian Church and conducted her life strictly in accordance with its teachings. Her pastor, Elder W. D. Bills, conducted the funeral services.
While her death is a crushing blow to her parents, the knowledge that, when the black-winged messenger beckoned she was ready, should be a consolation to them in their hour of grief. May a benign Heavenly Father comfort them in their grief, is the wish of their friends in Hondo.

Willie T. Crow, we believe the last of Uncle Sam's boys to see service on the Pacific Coast, sailed into Hondo Monday night, taking his homefolks by surprise. However, as the emergency that caused his volunteering in the navy has passed he is glad to again resume his position in the ranks of the civilians.

From flat of his back on a hospital bed at Santa Rosa Infirmary in San Antonio and with a fifteen pound weight dangling from his injured limb, Mr. Davis sends greetings to his many inquiring friends everywhere through the medium of this printed page. He says that since the realization of his helplessness—which was not at first apparent after his fall—until the present time—and which must continue for an indefinite period—he has been literally and truly "in the hands of his friends." And the friends have never failed him! Never were people more generous to any one than were the people of Devine, and he acknowledges with especial gratitude the favors of Dr. Woods, Matt Keller, Mr. W. L. Dubose and numerous others, some of whose faces were even unfamiliar to him. To the promptness of Dr. Meyer, assisted by San Antonio friends, in arranging for his reception at the hospital and the securing of the attention of a specialist is due thanks for much mitigation of his sufferings. To friends everywhere and in all sorts of ways whose kindly interest and sympathy and acts of kindness and love have added much to his comfort and consolation, his heart goes out in gratitude that printed words may suggest but are powerless to convey. Latest reports from his bed-side are to the effect that he is improving as well as could be expected. But at best a tedious wait lies between now and his ultimate recovery, a tax on his active, nervous temperament almost as severe as is the pain, the suffering and the confinement on his physical powers.

Farmers' Union Meeting.
The Medina County Union of the F. E. & C. U. of A. met at Hondo, March 8, 1919.
The meeting was called to order by the President, H. F. Wurzbach. 46 farmers were present, some of them being some of the leading farmers of the county.
Many good things were discussed, such as the wolf clubs, reduction of acreage of cotton, etc. A motion was made to reduce the acreage of cotton for this year at least 1-3 or 33 1-3 and also urge all other farmers to do so.
The following resolution which was adopted by the State Union was also adopted and heartily approved by all farmers. The resolution read as follows:
Whereas, after much earnest effort on the Farmers' Union of Texas, the State Department of Agriculture was established and, Whereas, at almost, if not at every session of the Legislature misguided or assigning men have sought to either abolish or to cripple the said Department, since its creation. Now, therefore be it resolved,
That we regard as prejudicial to the best interest of the State and contrary to the wishes of the organized farmers of the state, any movement designed to abolish, cripple or remove from the electorate of the people the said state Department of Agriculture, and we ask that adequate financial support be accorded it, to maintain it on an equal plane of usefulness and dignity with its co-ordinate executive branches of our State Government.

DON'T EXPERIMENT.

You Will Make No Mistake if You Follow This Advice.

Never neglect your kidneys.

If you have pain in the back, urinary disorders, dizziness and nervousness, it's time to act and no time to experiment. These are frequently symptoms of kidney trouble, and a remedy which is recommended for the kidneys should be taken in time.

Doan's Kidney Pills are a good remedy to use. It has acted effectively in many cases in this vicinity.

Can Hondo residents demand further proof of merit than the following recommendation?

Floyd Trim, Box 24, Bigwells, Tex., says: "I suffered from soreness in my back just over my kidneys and at times lameness set in. Different remedies were suggested to me and I tried them, but no benefit followed. I had often read statements given by people who had used Doan's Kidney Pills with benefit and I was finally led to take them. The first box gave me so much relief that I continued to use them until cured."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Trim had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

RED CROSS GIFTS \$400,000,000

War Council on Retirement Announces Cash and Supplies Contributed.

WORKERS WILL "CARRY ON."

Five Big Societies in World Wide Plan. H. P. Davison Heads International American Red Cross Commission. Dr. Livingston Farrand Permanent Leader of Peace Organization.

Washington.—(Special.)—Henry P. Davison as chairman issues the following statement on behalf of the War Council of the American Red Cross:

"To the American People: "The War Council of the American Red Cross appointed by President Wilson on May 10, 1917, to carry on the work of the American Red Cross during the war, at their request and by vote of the Central Committee, ceased at midnight, February 28.

"Immediately the armistice was signed the War Council instituted studies to determine when the strictly war work of the organization would have been sufficiently matured to enable the direction of affairs to be resumed by the permanent staff. Henry P. Davison, being in Paris when the armistice was signed, summoned a conference there of the heads of all the Red Cross Commissions in Europe to canvass the situation. After considering all the factors it was concluded to make the transition on March 1. The very fortunate choice of Dr. Livingston Farrand as the new chairman of the Central Committee, and thereby the permanent chief executive of the Red Cross, makes possible the consummation of this plan under the most favorable conditions.

Accounts Audited by War Department.

"Detailed reports to Congress and a complete audit of its accounts by the War Department will constitute the final record of Red Cross activity during the war. Although it has been the rule to make public all expenditures when authorized and to give detailed information relative to all work undertaken, the War Council in turning over its responsibilities to Dr. Farrand and his associates desire to give a brief resume of Red Cross war time activities to the American people, to whom the Red Cross belong, and whose generous contributions have made possible all that has been accomplished.

"During the past nearly twenty-one months the American people have given in cash and supplies to the American Red Cross more than \$400,000,000. No value can be placed upon the contributions of service which have been given without stint and oftentimes at great sacrifice by millions of our people.

"The effort of the American Red Cross in this war has constituted by far the largest voluntary gifts of money, of hand and heart, ever contributed purely for the relief of human suffering. Through the Red Cross the heart and spirit of the whole American people have been mobilized to take care of our own, to relieve the misery incident to the war, and also to reveal to the world the supreme ideals of our national life.

"Everyone who has had any part in this war effort of the Red Cross is entitled to congratulate himself. No thanks from anyone could be equal in value to the self satisfaction everyone should feel for the part taken. Fully 8,000,000 American women have exerted themselves in Red Cross service.

Has Over 17,000,000 Adult Members.

"When we entered the war the American Red Cross had about 500,000 members. Today, as the result of the recent Christmas membership Roll Call, there are upwards of 17,000,000 full paid members outside of the members of the Junior Red Cross, numbering perhaps 9,000,000 school children additional.

"The chief effort of the Red Cross during the war has been to care for our men in service and to aid our army and navy wherever the Red Cross may be called on to assist. As to this phase of the work Surgeon General Ireland of the U. S. Army recently said: 'The Red Cross has been an enterprise as vast as the war itself. From the beginning it has done those things which the Army Medical Corps wanted done, but could not do itself.'

"The Red Cross endeavor in France has naturally been upon an exceptionally large scale where service has been rendered to the American Army and to the French Army and the French people as well, the latter particularly during the trying period when the Allied World was waiting for the American Army to arise in force and power. Hospital emergency service for our army in France has greatly diminished, but the Red Cross is still being called upon for service upon a large scale in the great base hospitals, where thousands of American sick and wounded are still receiving attention. At these hospitals the Red Cross supplies huts and facilities for the amusement and recreation of the men as they become convalescent. Our Army of Occupation in Germany was followed with Medical units prepared to render the same emergency aid and supply service which was the primary business of the Red Cross during hostilities. The Army Canteen service along the lines of travel has

LEMONS WHITEN AND BEAUTIFY THE SKIN

Make this beauty lotion cheaply for your face, neck, arms and hands.

At the cost of a small jar of ordinary cold cream one can prepare a full quart pint of the most wonderful lemon skin softener and complexion beautifier, by squeezing the juice of two fresh lemons into a bottle containing three ounces of orchard white. Care should be taken to strain the juice through a fine cloth so no lemon pulp gets in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as freckles, sallowness and tan and is the ideal skin softener, whitener and beautifier.

Just try it! Get three ounces of orchard white at any drug store and two lemons from the grocer and make up a quart pint of this sweetly fragrant lemon lotion and massage it daily into the face, neck, arms and hands. It is marvelous to smoothen rough, red hands.

Germany, in consideration of a deposit of £11,000,000 in gold at Brussels, will receive an immediate delivery of 270,000 tons of foodstuffs, according to a Berlin version of the agreement entered into between the German delegates and representatives of the allied powers at Brussels. Germany will further be entitled to purchase monthly 370,000 tons of food in enemy and neutral countries, besides fish from European waters, and vegetables.

What Doctor Pierce Has
Done For Humanity!

BY DOCTOR CRIPPS.

It has always seemed to me that Dr. Pierce, of Buffalo, N. Y., should be placed near the top when a list of America's great benefactors is written. He studied and conquered human diseases to a degree that few realize. Whenever he found a remedy that overcame disease, he at once announced it in the newspapers and told where it could be bought at a small price. He did not follow the usual custom of keeping the ingredients secret, so that the rich only could afford to buy the medicine, but openly printed the name of each root and herb he used. And so to-day the names of Dr. Pierce and his medicines are widely known, and they stand for better health and better citizenship.

One of this great physician's most successful remedies is known as Doctor Pierce's Pleasant Pellets. These are little, sugar-coated pills, composed of Mayapple, leaves of aloe, root of jalap—things that Nature grows in the ground. These Pellets are safe because they move the bowels gently, leaving no bad after-effects, as so many pills do. Very often they make a person who takes them feel like a new man or woman, for they cleanse the intestines of hard, decayed and poisonous matter that accumulates when one is constipated. If you are constipated, by all means go to your druggist and get some of Dr. Pierce's Pleasant Pellets. They may prove to be the very thing your system requires to make you well and happy.

LaCoste Ledger Laconics.

Mr. Eng. Belzung of Cliff, and Mrs. Frank Hoffmann and Mrs. Ed. Jungmann from here were Hondo business visitors Monday.

Mrs. Lena Ney of Hondo spent several days with her sister, Mrs. Joe Keller.

Mr. Wm. Zizelman and sister from San Antonio were visiting relatives here Tuesday.

Miss Della Lutz of D'Hanis is staying with J. L. Mechler and family.

Mr. and Mrs. Alfred Bohl and children from Devine were guests of Mr. and Mrs. Alex Jungmann Sunday.

Mr. and Mrs. Adolph Ahr and family from Castroville were here on business and pleasure Sunday.

Pvt. Oscar Drottecourt of Camp Nor-moyle paid a visit to Joe Drottecourt and family Sunday evening.

Mesdames Emil Zimmermann, Peter Rihn, George Karm and Julius Tschirhart visited Mrs. Louisa Biediger Sunday night.

Mr. and Mrs. Frank Biry and children from Hurley, New Mexico, are the guests of E. F. Bippert and family of the Sauz.

For Diseases of the Skin.

Nearly all diseases of the skin such as eczema, tetter, salt rheum and barber's itch are characterized by an intense itching and smarting, which often makes life a burden and disturbs sleep and rest. Quick relief may be had by applying Chamberlain's Salve. It allays the itching and smarting almost instantly.

Texas farmers are so busy at planting corn they sometimes momentarily forget to look out for oil signs.

Try This For Sour Stomach.

Eat slowly, masticate your food thoroughly. Eat but little meat and none at all for supper. If you are still troubled with sour stomach take one of Chamberlain's Tablets before going to bed.

Mrs. Henry Jones, nee Orpha Augusta Vanpelt, a native of Mississippi, age 73 years, died near Natalia, Sunday night, leaving an aged husband and some grown children. Deceased came with her parents to Texas when a child and settled near Hondo City, this county. She was married in 1880 to Henry Jones, and they had lived in this part only one year prior to death, at Black Creek.

On Wednesday morning, Raymond, the four years old son of Mr. and Mrs. Geo. Bader of the Biry neighborhood, happened to a very serious and painful burn. The mother and father were out of the house, the little fellow got out of bed and went to the fire; his clothing caught and burned about the back of the body not only painful, but the doctor really is anxious about the internal effects. In trying to put out the fire, the things in the house caught on fire and Mrs. Bader had a time putting out the fire in the house, after the child was saved.

Bad Taste In Your Mouth.

When you have a bad taste in your mouth you may know that our digestion is faulty. A dose of Chamberlain's Tablets will usually correct the disorder. They also cause a gentle movement of the bowels. You will find this to be one of the best medicines you have ever become acquainted with.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a running sound or imperfect hearing, and when it is closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness caused by Catarrh that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Sturdy Womanhood is the demand of to-day

In the Health and Strength
of the Wives and Mothers
Rests the Future Integrity
of the Nation.

We must preserve our womanhood. There is need, greater than ever for strong women. Apparently, the race is not as sturdy as formerly or our women are victims of an over-civilization and unable to resist disease.

Thousands suffer and thousands more are destined to suffer from that most insidious of diseases, Catarrh. Ninety-seven per cent of the people have Catarrh. It is not confined to the head, nose and throat as many suppose. Catarrh of the bowels may attack the stomach, bowels or any portion of the body where there are mucous linings. It is no respecter of persons or position. Everyone is liable to attack.

Mrs. Mary Fricke, 507 Bornman St., Belleville, Ill., was one of its victims. She says: "I have weighed as little as 100 pounds. For years I suffered with my stomach, cramps and severe headaches. After reading Dr. Hartman's Health Book, I decided to try Peruna. The first

bottle brought good results, but I was bound to get well. I took twelve.

Fifteen years ago, I started with Peruna and I wouldn't be without it. My weight is now around 150 pounds and I am hale and hearty at the age of 63. I can do as much work as my daughter."

The use of Peruna for forty years in the American family has proved its worth. If you are weak do not give up, try Peruna. Write The Peruna Company, Dept. B. C. Columbus, Ohio, for Dr. Hartman's Health Book. It is free. Peruna is sold everywhere in liquid and tablet form. Insist upon having Dr. Hartman's Famous Peruna Tablets. HAPPIER WITHOUT HIM.

"You eloped with Jack, didn't you? I suppose you've lived happily ever since?" "All but the first week. Then we separated."

Forgot What He Needed.

From the Republican, Mt. Gilead, Ohio: The editor had an interesting experience some time ago, when a young gentleman came to this office and asked for a copy of the Morrow County Republican. He scrutinized it carefully when a copy was handed him, and then said: "Now I know!" "What is it you are looking for," we inquired. "My wife sent me after a bottle of Chamberlain's Cough Remedy, and I forgot the name. I went to several stores and the clerks named over everything in the line on the shelf except 'Chamberlain's.' I'll try again, and I'll never go home without Chamberlain's Cough Remedy." The Republican would suggest to the proprietors of stores, that they post their clerks, and never let them substitute. Customers lose faith in stores where substituting is permitted, to say nothing of the injustice to makers of good goods and the disappointment of customers.

A pleasant Physic.

When you want a pleasant physic give Chamberlain's Tablets a try. They are mild and gentle in the action and always produce a pleasant cathartic effect.

War Savings Stamps.

"When the United States Government authorized the issuance of Thrift Stamps and War Savings Stamps, the purpose of this action was to favor the people of the United States and it was indeed a favor, such as the average citizen had never had bestowed upon him. The granting of the right to purchase Thrift Stamps and War Savings in small amounts at a splendid rate of interest was a beneficent act upon the part of our Government, and thousands upon thousands of our people greeted the news with rare pleasure. Another purpose, of course, in issuing these Stamps was to provide our Government with funds to carry on the war, and again the people of the United States applauded the wisdom of those who outlined and put into operation this splendid plan. More than a billion dollars in these Stamps were sold, and thousands of people were praised as patriots for the unselfish manner in which they encouraged the plan by buying War Savings Stamps, and for the exercise of good judgement in fortifying themselves against the day of need by purchasing these unexcelled securities thus providing savings for themselves which perhaps, they would have never dreamed of otherwise.

"But the most amazing part of it all is that, after the armistice was signed, many of our patriotic people felt that their obligation was ended: 'The war is over now,' they said, 'and we need our money.' But when the stamps were bought it was with at least a silent understanding that the Government should have the use of the money for at least five years, and every individual pledged to himself and to his nation that he would hold these Stamps until the date of redemption. The pledge was made in good faith and our Government accepted it in good faith and, on the strength of these pledges of its patriotic people to supply for this definite period of time the needs of our Government, made great plans for the conduct of the war and for the reconstruction period. This obligation is just as binding as it ever was and the need of the money is just as great, and our patriotism ought to be just as lofty, sincere and soulful as it ever was. We hear every day that there are greater things to accomplish now than ever before, and in this day and age of great requirements these things cannot be accomplished unless the Government is provided with the necessary funds. Of course, there are instances where there is real need for the redemption of War Savings Stamps: the purchaser has come to a point where he cannot afford to hold them longer and finds it necessary to surrender these Stamps, just the same as he would any other securities; but this cannot apply to a particular number of well to do citizens known as patriotic men and women who are making application daily for the redemption of the War Savings Stamps which they hold. It may be possible that those who are asking to have their Stamps redeemed have an opportunity to invest their money at what they think to be a higher rate of interest and, perhaps, think now of withdrawing their support of the Government, in their personal interest—a support which they promised to give they propose to withdraw now, when the Government needs it most. Of course, when we thought we were in danger of invasion and oppression at the tyrant hands of Prussia, it was easy to rush to the defence of ourselves, but we are becoming to much inclined to think that now somebody else can furnish the funds for advancing the interests of our own country—our Victorious Nation—yours and mine.

"Do not sell your securities which are guaranteed by the best country in all the world, of which you are a prominent factor—Stand firm and steadfast and maintain your spirit of patriotism—Hold your War Savings Stamps and Save and Buy More—1919." Respectfully,
M. A. CHANCEY,
Postmaster.

March, A. D. 1919, in a suit num-

bered on the docket of said Court No.

1857, wherein Alvin Bennett is

plaintiff and Alvin Bennett is

defendant. The nature of the plaintiff's

demand being as follows, to wit:

That she is an actual bonafide in-

habitant of the State of Texas, having

resided in said State continuously all of

her life, and that she has resided in

Medina County for more than one year

next preceding the filing of this suit:

That during the year 1898, in Hondo,

Texas, plaintiff was lawfully married

to defendant, Alvin Bennett, then a

single man; but that very shortly after

their said marriage and during that same

year, the defendant, without notice, and

without cause abandoned and deserted

plaintiff and left for parts unknown to

plaintiff, since which time they have

not lived together as husband and wife.

That shortly after defendant deserted

plaintiff a child was born of said union,

and plaintiff without the assistance of

defendant, supported and reared the

said child up to womanhood, and at no

time since the year 1898 has the de-

fendant contributed anything towards

the support and maintenance of plaintiff

or said child.

Plaintiff alleges that said misconduct

and desertion on the part of defendant

was due to no fault of hers, and that

she at all times conducted herself as a

dutiful and faithful wife.

Plaintiff further alleges that said

marriage relations continue to exist,

but that defendant's actions towards

her and his absolute and complete ab-

andonment of her renders their further

living together as husband and wife

insupportable, premises consid-

ered.

Wherefore plaintiff prays the court

answer herein and for judgment dis-

solving said marriage relations between

plaintiff and defendant and for such

other relief, in law and equity that she

may be justly entitled.

Spent Small Fortune On Treatments

Before Finding Relief By Taking

Tanlac.

"I spent at least two thousand dol-

lars on medicines and treatments be-

fore I finally got relief by taking Tan-

lac," said Wiley Vesperman, of 4418

Bowser Avenue, Dallas, Texas.

"I suffered with rheumatism in my

left arm and shoulder for seven years,"

he continued, "and at times I was so

badly crippled up that I would just

have to give up and go to bed. I also

suffered terribly with indigestion, and

what little I ate formed so much gas

that I would belch up my sour, undi-

gested food and would become faint

from dizziness. I could hardly sleep

at night for the misery I was in and in

the morning I would get up feeling so

awful that I could hardly get around.

"But Tanlac has driven away every

bit of the pain and misery, I never

suffer from indigestion and can eat

anything I want. My condition has

improved so wonderfully since I started

on Tanlac that I am able now to give

all my time to my business, just like I

did before that awful rheumatism got

its hold on me. My wife is taking

Tanlac, too, and she is just as enthu-

siastic about it as I am."

Tanlac is sold in Hondo by W. H.

Windrow.
